SIGN PERMIT APPLICATION

(For complete details see IMC 15.45)

PLEASE INCLUDE ALL OF THE FOLLOWING INFORMATION:

- Three (3) copies of a dimensional plot plan to scale, showing all structures, abutting right-of-way line of each street, location of proposed sign, and each existing sign on the property.
- A minimum of two (2) copies of a plot plan showing the location of the proposed sign with computations, diagrams, and other data sufficient to show proper structural stability of the installation; type of material and all dimensions of supports and footings; type of lighting, clearance above ground
- Three (3) copies of a dimensional drawing showing the type of sign as designated in IMC 15.45, and, if lighted, the method of illumination, and height of the sign.
- If the sign is a wall sign, three (3) copies of an elevation of the building facade. This elevation shall be fully dimensional and accurate as to scale. It shall show the proposed sign and each existing sign.
- One or more photographs showing the location of the proposed sign and its relationship to the remainder of the property.
- *A building permit may also be required – please check with the Building Department.*
